POWERUPS AND TILES

Laser PowerUp Tile:

Standing on this tile gives you a laser which shoots a solid beam. It eats through hoverships like Chrome and RAM.

Minigun PowerUp Tile:

Standing on this tile gives you the ability to shoot a large amount of bullets in a cone-shaped spread.

Land Mine:

You have to be blind to get hit by this thing... You can plant one at a time.

Metal Tile:

Your hovership will pass through. Your exams will... well, I don't know...

Wall Tile:

You may be a hovership, but you shall... NOT PASS!
